THE TV STUDIO AT THE HOSPITAL CLUB

Taking its name from the working hospital that stood on the same site for over 200 years, the Hospital Club is a creative hub in the heart of London offering the creative community the environment and facilities they need to create, connect and collaborate.

We know you will love our state-of-the-art TV studio. It is perfect for all your live or pre-recorded productions, boasting HD, SD and multi-track music recording capability, luxury green rooms and make-up facilities, production office, first-class hospitality plus access to the members' club upstairs.

In fact, our unique combination of resources and expertise make The Hospital Club Studios the perfect location for:

- Chat shows
- Live music performances and sessions
- Showcases
- Promos
- Interviews
- Corporate communications
- Live or pre-recorded programming for an international audience
- Webcasts
- Music programmes

DID YOU KNOW? The Hospital Club Studio was the first multi-camera HD TV studio in Europe. FACT.

Studios

THE STUDIO SPACE

Measuring 2700 sq ft/250 sq m, our TV Studio has a floating floor and full lighting rig (height 4.5metre) including both moving and generic lights.

Whether pre-recording or broadcasting live via our BT Facility Line Plus links we can deliver in your preferred format in HD or SD, in either PAL or NTSC.

PRODUCTION SERVICES

Our beautiful and stylish production facilities are ideally located, right in the heart of Covent Garden.

Green Rooms

Equipped with soft seating, meeting tables and large plasma screens, our modern Green Rooms are perfect for any production. Both rooms feature 50 inch plasma screens, satellite and terrestrial television, play-back and studio output. You can also plug directly into the studio infrastructure, so you can shoot in our Green Rooms with minimal rigging.

Production Office

If you need office facilities while you're with us, our Production Office and telephones, wireless internet, photocopier and standard office furniture are ideal. We can provide you with computer equipment or you can bring your own.

ARTIST ACCOMMODATION

Dressing Rooms

Our stylish Dressing Rooms have large make-up positions and luxury en-suite bathrooms with walk-in showers. Room service can be provided and safes are available on request.

Club Spaces & Meeting Room

The Loft Lounge is a perfect space to brainstorm your next big idea or bond with your team in style and luxury.

The Bedrooms really are the crème de la crème. Luxuriously appointed with leathers, velvets, sumptuous woods and stained glass by Russell Sage Studios. This luxury boutique extension to the Club provides guests with a welcoming home.

The Rocket Room is ideal for private meetings and small conferences, with the Terracotta Soldiers from the British Museum silently looking on.

PRODUCTION GALLERY

With such a state of the art studio, you would expect a pretty high-spec Production Control Suite and that is what we provide here at The Hospital Club.

Recently we installed a Miranda Kaleido-X multiviewer system with five 55" HD displays, all fully customisable to meet any production team's needs.

We have aerochairs for the production team and soft seating for guests, so everyone can work in luxury and comfort.

The sound control room features a 48 channel SSL Aysis Air audio console with a Riedel talkback system running throughout all production areas.

We are virtually unique in being able to marry your TV and music production, giving you unprecedented flexibility. Our Music Control Room and overdub booth boast a 96 channel SSL MT+ desk and can be used in conjunction with our studio facilities for larger music based productions and multi-track live recordings.

THE HOSPITAL CLUB

The Hospital Club Studio occupies the two floors below street level, but with a further five floors above ground, the Hospital Club offers many more amazing spaces and facilities. These include a gallery, a luxurious 36-seat screening room, a performance space with full backline tech and audio, private dining and meeting rooms, a cosy loft lounge, a pool room, an outstanding restaurant and two cocktail bars. We are passionate about delivering exceptional service with warmth, style and efficiency.

In addition to our fabulous members' areas, many of our rooms and spaces are available for private hire. Members, guests and clients alike are welcome at The Hospital Club for private events of all shapes and sizes: intimate receptions, press launches, screenings, conferences, weddings and parties of up to 300 people. With the award-winning Hospital Club Events Company based on site, we have the space and the expertise to make your event a stylish, stunning, runaway success.

The Hospital Club opens the doors to introduce fifteen new bedrooms, luxuriously appointed with leathers, velvets, sumptuous woods and stained glass by Russell Sage Studios. Ranging from Small to Medium, Large and Suites with outdoor terraces, the h.Club bedrooms offer something for everyone.
